## HOW TO CITE RULES AND RSMo

**RULES**—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 24, *Missouri Register*, page 27. The approved short form of citation is 24 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

**RSMo**—Cite material in the RSMo by date of legislative action. The note in parentheses gives the original and amended legislative history. The Office of the Revisor of Statutes recognizes that this practice gives users a concise legislative history.

**R**ules appearing under this heading are filed under the authority granted by section 536.025, RSMo Supp. 1999. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

**R**ules filed as emergency rules may be effective not less than ten days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

**A**ll emergency rules must state the period during which they are in effect, and in no case can they be in effect more than 180 calendar days or 30 legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

INDUSTRIAL RELATIONS  
Division 70—Missouri Assistive Technology Advisory  
Council  
Chapter 1—Assistive Technology Programs**

**EMERGENCY RULE**

**8 CSR 70-1.010 Telecommunication Access Program**

*PURPOSE: This rule establishes the standards and procedures for the provision of a statewide telecommunications equipment distribution program providing specialized equipment to eligible individuals with disabilities. This rule implements section 209.251, RSMo through 209.259, RSMo.*

*EMERGENCY STATEMENT: The Missouri Assistive Technology Advisory Council is responsible for administering the statewide telecommunication equipment distribution program on August 28, 2000 under revised section 209.251, RSMo through 209.259, RSMo. The current program provides adaptive telephone equipment to individuals with disabilities assuring their health, safety, and welfare through access to basic telecommunications service. There is a compelling governmental interest in implementing the new statutory requirements for this program. The rules for the current program do not meet the requirements of the revised statute that becomes effective August 28, 2000. The current rules do not*

*provide for a full range of adaptive equipment, do not provide for consumer support services, do not include procedures to match individual with equipment, and do not include financial eligibility criteria. The current program does not meet the new legal requirement for a 20% cap on administrative costs and as a result the administrative structure for the program must be revised. A proposed rescission to rescind current rule 8 CSR 5-1.010, Adaptive Telephone Equipment Program, was filed with the Secretary of State on July 10, 2000.*

*An emergency rule is needed to implement the new legal requirements for the program and assure continuity of service. Without an emergency rule, individuals with disabilities will lose access to adaptive telephone equipment necessary for basic telephone service that is critical to their health and safety and the parameters of the new statute will not be implemented. The scope of this rule is limited to the circumstances creating the emergency and complies with the protections extended by the Missouri and United States Constitutions. The Missouri Assistive Technology Advisory Council believes this emergency rule is fair to all interested persons and parties under the circumstances. The emergency rule was filed on July 28, 2000, is effective August 28, 2000, and expires February 23, 2001.*

(1) Program Title. The telecommunication equipment distribution program established by 209.251, RSMo through 209.259, RSMo shall hereinafter be referred to as the "Telecommunication Access Program (TAP)" with two programmatic components, known as "TAP for Telephone" and "TAP for Internet."

(2) Definitions. As used in this rule, except as otherwise required for the context, the following terms have the meanings ascribed:

(A) Adaptive telecommunications equipment—is equipment that translates, enhances or otherwise transforms the receiving or sending of telecommunications into a form accessible to individuals with disabilities and includes adaptive telephone and adaptive computer equipment.

1. Adaptive telephone equipment—is equipment that translates, enhances or otherwise transforms the receiving or sending of voice calling and associated auditory signaling into a form accessible to individuals with disabilities.

2. Adaptive computer equipment—is equipment that translates, enhances or otherwise transforms the receiving or sending of internet and electronic mail information into a form accessible to individuals with disabilities.

(B) Adjusted gross income—is the amount claimed as adjusted gross income on the applicant's most recent federal income tax return.

(C) Basic telecommunication service—is a service that supplies the transmission and reception of information to and from customer premises equipment and includes basic telephone and internet services.

1. Basic telephone service—is telephone service from a telephone company that supplies the transmission and reception of voice calls to and from customer premises equipment. Basic telephone service does not include other types of voice communications, such as two-way radio communication, nor does it include adjunct-to-basic voice communication services, such as caller identification or voice mail.

2. Basic internet service—is service from an internet service provider that supplies the transmission and reception of electronic

information, web and electronic mail, to and from customer premises equipment. Basic internet service does not include other types of electronic communications such as alpha-numeric paging or facsimile communication.

(D) Consumer support services—are services that assist individuals with disabilities or their families or caregivers in the selection of the most appropriate adaptive telecommunications equipment to meet their needs and in the installation and use of such equipment.

(E) Eligible applicants—are individuals with disabilities who have been certified as unable to use traditional telecommunication equipment for access to basic telephone or internet service.

(F) Program administrator—is staff of Missouri Assistive Technology or other entity so designated by the Missouri Assistive Technology Advisory Council.

(G) Qualified agency—is an entity that regularly works with individuals with disabilities, is familiar with adaptive telecommunications equipment and resources, and is able to assist individuals with disabilities in determining equipment needs.

(H) Reasonable access to basic telecommunications service—is access delivered by cost-effective adaptive telephone equipment or cost-effective adaptive computer equipment.

(I) Traditional telecommunications equipment—is customer premises equipment used to access basic telecommunications service and includes traditional telephone equipment for telephone service and traditional computer equipment for internet service.

1. Traditional telephone equipment—is a typical telephone with dial pad, handset, and audio ringer used to place and receive voice calls.

2. Traditional computer equipment—is a typical computer system with keyboard, pointing device, and visual display monitor used to send and receive electronic information.

### (3) Applicant Eligibility.

(A) Eligible applicants shall:

1. Be certified by a licensed physician, audiologist, speech pathologist, or qualified agency as unable to use traditional telecommunications equipment due to disability;
2. Be residents of Missouri;
3. Meet financial income standards;
4. Have access to basic telephone equipment and service if applying for adaptive telephone equipment or have access to basic internet equipment and service if applying for adaptive computer equipment.

(B) Applicants shall be eligible for one adaptive equipment system that provides access to basic telecommunication. Applicants shall not be eligible for more than one equipment system to provide access in more than one location, for example, equipment for both upstairs and downstairs in a residence or equipment for both work and home.

(C) Applicants who have received equipment from the program in the past shall be eligible for replacement equipment according to the time schedule established by the program administrator and shall be notified of such replacement period when they receive their initial equipment. The program administrator may also find applicants eligible for replacement equipment if:

1. The device is damaged through natural disasters, such as lightning, electrical storms, floods or other acts of God;
2. There is a change in disability status rendering the adaptive equipment inappropriate to meet their needs;
3. A new device has become available through TAP that is deemed more appropriate to the applicant's disability than a device previously provided by TAP.

(D) Applicants shall have an annual adjusted gross income that does not exceed \$60,000 for an individual or an individual plus a second exemption, spouse or dependent. For each additional

dependent claimed, \$5,000 shall be added to the \$60,000 base level.

(E) Applicants shall be ineligible for equipment when the applicant has:

1. Sold or otherwise transferred ownership of equipment received from TAP to an individual or entity other than the originally authorized applicant;
2. Lost equipment received from TAP through negligence such as leaving in an unlocked house or unlocked car;
3. Negligently or willfully damaged equipment received from TAP or violated other provisions of the administrative rules governing TAP.

### (4) General Application and Certification Procedures.

(A) Individuals shall apply for equipment from the program, on forms approved by the program administrator, that include:

1. Applicant name, address, home and work phone, date of birth, social security number;
2. Assurance of Missouri residency, assurance of current access to basic telephone equipment and service, assurance of income level;
3. Identification of current or past use of adaptive equipment;
4. Specific request for specialized equipment or request for assistance in selecting equipment;
5. Signature and date.

(B) Applicants may elect to allow the program to release their name, address, and phone number to an agency that provides consumer support. Applicants who have a hearing disability may elect to allow the program to release their name, address, and date of birth to the Missouri Commission for the Deaf to be used solely for completing the commission's census.

(C) In addition to information required on the application and certification form, applicants shall supply any additional information which the program administrator deems reasonably necessary to determine the applicant's eligibility and to assist in determining the adaptive equipment which best meets the applicant's needs.

(D) Certifying agents shall, on forms approved by the program administrator, certify that the applicant, by name, is unable to use traditional telecommunications equipment because of a specific category of disability and that the applicant needs adaptive equipment as identified on the application form. The certifying agent shall sign and date the certification and provide state license or certification number if certifying as a physician, audiologist, or speech pathologist. Approved agency representatives shall provide the name of the approved agency. All certifying agents shall provide their name, address, and phone number to enable the program administrator to contact them as necessary.

### (5) Approval of Certifying Agencies and Agents.

(A) Entities desiring to be approved as a certifying agency shall request such designation from the program administrator. The program administrator will review agency qualifications and may require an agency to complete training provided by the program administrator prior to approval.

(B) The program administrator will maintain a list of approved certifying agencies and those personnel of the agency who are approved to certify. A list of approved certifying agencies will be included with applicant education information and otherwise made available as widely as possible.

(6) Appeals Process. Applicants may appeal any disapproval of an equipment request by filing a written appeal with the Missouri Assistive Technology Advisory Council. No specific form shall be required. The appeal shall describe how the equipment requested is necessary for basic telephone access. The council may hear appeals during any regularly scheduled council meeting or may call a special meeting of the council for such purpose.

(7) Fraud. If an applicant supplies false information or obtains adaptive equipment through misrepresentation of facts on the application and certification form, TAP may demand return of the equipment and shall declare such applicants ineligible for future equipment from TAP.

(8) Confidentiality. All applicant information shall be kept confidential except for approved release of information for purposes specified on the application form.

(9) TAP for Telephone Specific Procedures.

(A) Equipment Provided—Adaptive telephone equipment shall be provided in sufficient scope to meet the needs of individuals with all types of disabilities and shall be procured in a cost effective manner.

1. The program administrator shall develop and maintain a list of adaptive telephone equipment designed to provide reasonable access to basic telephone service for individuals with a wide range of disabilities. The list will be provided with the application and certification form. The program will monitor the market for devices that might be added to the program to better meet individual needs and will update the list as necessary to remain current with the market.

2. Adaptive telephones or adaptive devices that attach to the telephone shall be considered first to provide access. For the majority of program applicants, adaptive equipment that attaches to or replaces the typical end-unit telephone will be available on the approved list to meet their needs. Equipment that does not directly attach to or replace the phone will be provided by the program when no other device will deliver the needed access.

3. The program may provide equipment not on the list if such equipment is necessary for basic telephone access and is cost effective as compared to devices on the list.

4. The program shall not provide adaptive devices needed for one-to-one personal communication such as hearing aids, artificial larynx, or other augmentative communication devices.

5. The program shall maintain a list of vendors with which it has contracted to provide adaptive telephone equipment in a cost-effective manner.

(B) Application Processing—The program administrator shall process TAP for Telephone applications and deliver equipment and services that assure an appropriate match between an individual with a disability and adaptive equipment.

1. Each application shall be reviewed for completeness. If any information is missing, the applicant will be contacted and requested to supply such information.

2. Each applicant's eligibility will be verified by information provided on the application form.

3. If the application:

A. Requests equipment on the approved list, the request will be matched with disability description, as provided by the application form or equipment worksheet, and approved.

B. Does not request specific equipment, but instead requests assistance in determining equipment needs, the applicant will be contacted and such assistance provided.

C. Requests equipment not on the approved list, the explanation will be reviewed to determine if the equipment is necessary for basic telephone access and is cost effective as compared to devices on the list. If so, the equipment request will be approved.

4. Upon verification of applicant eligibility and determination of equipment/disability match, the program administrator shall order the equipment from an approved vendor and will notify the applicant that the equipment has been ordered.

5. Equipment orders shall include applicant name, make and model of equipment ordered, applicant shipping address, and date of order. The program administrator shall transmit equipment orders directly to the vendor by facsimile or via other time expedient mechanism that is mutually agreeable.

6. Applicants will be notified if their equipment request cannot be approved as submitted and will be asked to revise their equipment request accordingly.

7. Upon receipt of equipment order, the vendor shall ship the equipment directly to the applicant's Missouri residence by verifiable delivery mechanism.

8. The vendor shall provide the program administrator with a monthly invoice of all equipment ordered and delivered.

9. The program administrator may establish alternative and pilot programs to increase program quality and consumer satisfaction. A voucher program for targeted types of adaptive telephone equipment may be implemented as an option to increase consumer choice for those applicants who are experienced users of such equipment.

(C) Consumer Support—The program administrator shall deliver consumer support services directly or through contracts with individuals, organizations, vendors, or other entities. Consumer support providers shall:

3. Miscellaneous supplies, such as text telephone (TTY) paper and batteries, are the applicant's responsibility.

4. An applicant shall be eligible for replacement equipment every four years, unless their disability needs change. The program administrator may approve equipment replacement within this time period for extenuating circumstances.

5. If an applicant's disability changes, rendering the adaptive telephone equipment inappropriate to meet their needs, the applicant may reapply for new equipment and shall provide a description of the disability change.

**Title 11—DEPARTMENT OF PUBLIC SAFETY  
Division 10—Adjutant General  
Chapter 3—National Guard Member Educational  
Assistance Program**

**EMERGENCY AMENDMENT**

**11 CSR 10-3.015 State Sponsored Missouri National Guard Member Educational Assistance Program.** The Office of the Adjutant General is amending sections (1) and (3).

*PURPOSE: This emergency amendment is made because of revisions to section 173.239, RSMo, which increases eligibility for participating in the program to include private for-profit institutions and also requires that federal Department of Defense monies be expended prior to the use of state educational assistance.*

**EMERGENCY STATEMENT:** *The Office of the Adjutant General-Missouri National Guard files for this emergency amendment because it is necessary to protect the public health, safety, and welfare of the citizens of Missouri. Article III, section 46, of the Constitution of Missouri requires that the General Assembly provide for the adequate militia. Chapter 41 of the Revised Statutes of Missouri identifies the Missouri National Guard as Missouri's militia. Assigned strength levels for units of the militia are currently at levels below one hundred percent. This emergency rule is necessary to implement provisions of Senate Bill 961 and provide the Guard with a powerful recruiting and retention program to assist the Guard in the maintenance of authorized strength and meet the legislature's constitutional obligation by providing for an adequate militia. The maintenance of authorized strength levels is critical to ensure that the militia is organized and prepared to perform its dual state and federal missions to serve the citizens of the state in times of state or local disaster or emergency and to serve the federal government in time of national emergency.*

*Senate Bill 961 allows for a greater number of Missouri institutions to participate in the program. The emergency rule is necessary to make additional institutions available to new recruits and current members of the National Guard for the Fall 2000 school semester. In addition to benefiting readiness levels of the militia, the expanded eligible institutions and benefits will provide the citizens of Missouri with greater access to diversified educational programs and opportunities. The agency believes this emergency amendment to be of compelling governmental interest in the public safety and welfare requiring emergency action. This agency believes this rule to be fair to all persons and parties under the circumstances. This emergency rule was filed on July 20, 2000, effective August 28, 2000 expires February 23, 2001.*

**Title 13—DEPARTMENT OF SOCIAL SERVICES  
Division 70—Division of Medical Services  
Chapter 10—Nursing Home Program**

**EMERGENCY AMENDMENT**

**13 CSR 70-10.015 Prospective Reimbursement Plan for Nursing Facility Services.** The division is amending section (13) by adding a new paragraph (13)(B)9.

**PURPOSE:** This emergency amendment provides for a *Quality Assurance Incentive per-diem* increase of \$3.20.

**EMERGENCY STATEMENT:** This emergency amendment is necessary to implement the increased reimbursement to providers of nursing facility services included in the Appropriations Bill enacted by the Legislature for State Fiscal Year 2001. The appropriation reflects the increased cost of providing nursing facility services and is dispersed in the form of an increase to the providers' per diem rates. It must be implemented on a timely basis to ensure that quality nursing facility services continue to be provided to the 26,594 Medicaid patients in nursing facilities. The Division of Medical Services finds an immediate danger to public health which requires emergency action and the amendment is necessary to preserve a compelling governmental interest that requires an early effective date. This emergency amendment limits its scope to the circumstances creating the emergency and complies with the protection extended by the *Missouri and United States Constitutions*. Therefore, the Division believes this emergency amendment to be fair to all interested persons and parties under the circumstances. Emergency amendment filed July 18, 2000, effective July 28, 2000, expires January 24, 2001.

(13) Adjustments to the Reimbursement Rates. Subject to the limitations prescribed elsewhere in this regulation, a facility's reimbursement rate may be adjusted as described in this section.

(B) Special Per-Diem Rate Adjustments. Special per-diem rate adjustments may be added to a qualifying facility's rate without regard to the cost component ceiling if specifically provided as described below.

1. Patient care incentive. Each facility with a prospective rate on or after January 1, 1995, shall receive a per-diem adjustment equal to ten percent (10%) of the facility's allowable patient care per diem subject to a maximum of one hundred thirty percent (130%) of the patient care median when added to the patient care per diem as determined in subsection (11)(A). This adjustment will not be subject to the cost component ceiling of one hundred twenty percent (120%) for the patient care median.

2. Ancillary incentive. Each facility with a prospective rate on or after January 1, 1995, and which meets one (1) of the following criteria shall receive a per-diem adjustment:

A. If the facility's allowable ancillary per diem as determined in subsection (11)(B) is below ninety percent (90%) of the ancillary median, the adjustment is equal to one-half (1/2) of the difference between one hundred twenty percent (120%) and ninety percent (90%) of the ancillary median. The following is an illustration of how the ancillary per-diem adjustment is calculated:

120% of median	\$6.62
90% of median	\$4.97
Difference	\$1.65
1/2 the difference	<u>2</u>
Per-diem adjustment	\$ .83

B. If the facility's allowable ancillary per diem as determined in subsection (11)(B) is between ninety percent (90%) and one hundred twenty percent (120%) of the median, the adjustment is equal to one-half of the difference between one hundred twenty percent (120%) of the median and the facility's allowable ancillary per diem. The following is an illustration of how the ancillary per-diem adjustment is calculated:

90% of median	\$4.97
120% of median	\$6.62
Ancillary per diem	\$5.21
Difference	\$1.41
1/2 the difference	<u>2</u>
Per-diem adjustment	\$ .71

3. Multiple component incentive. Each facility with a prospective rate on or after January 1, 1995, and meets the following criteria shall receive a per-diem adjustment:

A. If the sum of the facility's patient care per diem and ancillary per diem, as determined in subsections (11)(A) and (B), is greater than or equal to sixty percent (60%) but less than or equal to eighty percent (80%), rounded to four (4) decimal places (.5985 or .8015 would not receive the adjustment), of the facility's total per diem, the adjustment is as follows:

<u>Percent of Total Per-Diem Rate</u>	<u>Incentive</u>
< 60%	\$0.00
> or = 60% but < 65%	\$1.15
> or = 65% but < 70%	\$1.30
> or = 70% but < 75%	\$1.45
> or = 75% but < or 80% =	\$1.60

B. A facility shall receive an additional incentive if it receives the adjustment in subparagraph (13)(B)3.A. and the following calculation is greater than seventy-five percent (75%), rounded to four (4) decimal places (.7485 would not receive the adjustment): Medicaid days divided by the licensed nursing facility patient days from the facility's desk audited and/or field audited 1992 cost report. The adjustment is as follows:

<u>Calculated Percentage</u>	<u>Incentive</u>
< 75%	\$0.00
> or = 75% but < 80%	\$0.15
> or = 80% but < 85%	\$0.30
> or = 85% but < 90%	\$0.45
> or = 90% but < 95%	\$0.60
> or = 95%	\$0.75

4. 1967 *Life Safety Code* (LSC). Currently certified nursing facilities that must comply with a recent interpretation of paragraph 10-133 of the 1967 LSC which requires corridor walls to extend to the roof deck or achieve equivalency under the Fire

Safety Evaluation System (FSES) will be reimbursed the reasonable and necessary cost to meet those standards required for compliance through their reimbursement rate. The reimbursement shall not be effective until the Division of Aging has confirmed that the corrective action to comply with the 1967 LSC or FSES is operational and has reviewed the cost for compliance. Fire sprinkler systems shall be reimbursed over a depreciation life of twenty-five (25) years, and other alternative corrective action will be reimbursed over a depreciable life of fifteen (15) years. The division will use a desk audited and/or field audited cost report with the latest period ending in calendar year 1992 which is on file with the division as of December 31, 1993. This adjustment will be computed based on the documented cost submitted to the division as follows:

A. Depreciation. The cost incurred for the approved corrective action to continue in compliance divided by the depreciable useful life;

B. Interest. The interest cost incurred to finance this project shall be documented by a statement from the lending institution detailing the total interest cost of the loan period. The total interest cost will be divided by the loan period on a straight line basis; and

C. The total of subparagraph (13)(B)4.A. and B. will be divided by twelve (12) and then multiplied by the number of months covered by the 1992 cost report. This amount will be divided by the greater of actual patient days from the 1992 cost report or eighty-five percent (85%) of the licensed bed days from the 1992 cost report.

5. Any facility that had a 1967 LSC adjustment included in their December 31, 1994, reimbursement rate shall have that adjustment added to their January 1, 1995, reimbursement rate.

6. Replacement beds. A facility with a prospective rate in effect on or after January 1, 1995, may request a rate adjustment for replacement beds that resulted in the same number of beds being delicensed with the Division of Aging or the Department of Health. The facility shall provide documentation from the Division of Aging or the Department of Health that verifies the number of beds used for replacement have been delicensed from that facility. The rate adjustment will be calculated as the difference between the capital component per diem (fair rental value (FRV)) prior to the replacement beds being placed in service and the capital component per diem (FRV) including the replacement beds placed in service as calculated in subsection (11)(D) including the replacement beds placed in service. The capital component is calculated for the replacement beds using the asset value per licensed bed as determined using the R. S. Means Construction Index for nursing facility beds adjusted for the Missouri indexes for the date the replacement beds are placed in service.

7. Additional beds. A facility with a prospective rate in effect on or after January 1, 1995, may request a rate adjustment for additional beds. The facility must obtain an approved certificate of need or applicable waiver for the additional beds. The rate adjustment will be calculated as the difference between the capital component per diem (FRV) prior to the additional beds being placed in service and the capital component per diem (FRV) including the additional beds as calculated in subsection (11)(D) including the additional beds placed in service. The capital component is calculated for the additional beds using the asset value per licensed bed as determined using the R. S. Means Construction Index for nursing facility beds adjusted for the Missouri indexes for the date the additional beds are placed in service.

8. Extraordinary circumstances. A participating facility which has a prospective rate may request an adjustment to its prospective rate due to extraordinary circumstances. This request must be submitted in writing to the division within one (1) year of the occurrence of the extraordinary circumstance. The request must clearly and specifically identify the conditions for which the rate adjustment is sought. The dollar amount of the requested rate

adjustment must be supported by complete, accurate and documented records satisfactory to the division. If the division makes a written request for additional information and the facility does not comply within ninety (90) days of the request for additional information, the division shall consider the request withdrawn. Requests for rate adjustments that have been withdrawn by the facility or are considered withdrawn because of failure to supply requested information may be resubmitted once for the requested rate adjustment. In the case of a rate adjustment request that has been withdrawn and then resubmitted, the effective date shall be the first day of the month in which the resubmitted request was made providing that it was made prior to the tenth day of the month. If the resubmitted request is not filed by the tenth of the month, rate adjustments shall be effective the first day of the following month. Conditions for an extraordinary circumstance are as follows:

A. When the provider can show that it incurred higher costs due to circumstances beyond its control, the circumstances were not experienced by the nursing home industry in general and the costs have a substantial cost effect;

B. Extraordinary circumstances include:

(I) Natural disasters such as fire, earthquakes and flood that are not covered by insurance and that occur in a federally declared disaster area; and

(II) Vandalism and/or civil disorder that are not covered by insurance; and

C. The rate increase shall be calculated as follows:

(I) The one (1)-time costs, (costs that will not be incurred in future fiscal years):

(a) To determine what portion of the incurred costs will be paid, the division will use the patient occupancy days from latest available quarterly occupancy survey from the Division of Aging for the time period preceding when the extraordinary circumstances occurred; and

(b) The costs directly associated with the extraordinary circumstances will be multiplied by the above percent. This amount will be divided by the paid days for the month the rate adjustment becomes effective per paragraph (13)(B)8. This calculation will equal the amount to be added to the prospective rate for only one (1) month, which will be the month the rate adjustment becomes effective. For this one (1) month only, the ceiling will be waived.

(II) For ongoing costs (costs that will be incurred in future fiscal years): Ongoing annual costs will be divided by the greater of: annualized (calculated for a twelve (12)-month period) total patient days from the latest cost report on file or eighty-five percent (85%) of annualized total bed days. This calculation will equal the amount to be added to the respective cost center, not to exceed the cost component ceiling. The rate adjustment, subject to ceiling limits will be added to the prospective rate.

(III) For capitalized costs, a capital component per diem (FRV) will be calculated as determined in subsection (11)(D). The rate adjustment will be calculated as the difference between the capital component per diem (FRV) prior to the extraordinary circumstances and the capital component per diem (FRV) including the extraordinary circumstances.

#### **9. Quality Assurance Incentive.**

A. Each nursing facility with an interim or prospective rate on or after July 1, 2000, shall receive a per-diem adjustment of \$3.20. The Quality Assurance Incentive adjustment will be added to the facility's current rate.

B. The Quality Assurance Incentive per-diem increase shall be used for the wages and salaries of direct patient care staff. Any increases in wages and benefits already codified in a collective bargaining agreement in effect as of July 1, 2000, will not be counted towards the expenditure requirements of

the Quality Assurance Incentive as stated above. Nursing facilities with collective bargaining agreements shall provide such agreements to the division.

**EMERGENCY AMENDMENT**

**13 CSR 70-10.080 Prospective Reimbursement Plan for HIV Nursing Facility Services.** The division is amending section (13).

*PURPOSE:* This emergency amendment provides for a Quality Assurance Incentive per-diem increase of \$3.20 for HIV nursing facilities participating in the Medicaid program.

*EMERGENCY STATEMENT:* This emergency amendment is necessary to implement the increased reimbursement to providers of HIV nursing facility services included in the Appropriations Bill enacted by the Legislature for State Fiscal Year 2001. The appropriation reflects the increased cost of providing HIV nursing facility services and is dispersed in the form of an increase to the providers' per-diem rates. It must be implemented on a timely basis to ensure that quality nursing facility services continue to be provided to the 14 Medicaid patients in HIV nursing facilities. The Division of Medical Services finds an immediate danger to public health which requires emergency action and the amendment is necessary to preserve a compelling governmental interest that requires an early effective date. This emergency amendment limits its scope to the circumstances creating the emergency and complies with the protection extended by the *Missouri and United States Constitutions*. Therefore, the Division believes this emergency amendment to be fair to all interested persons and parties under the circumstances. Emergency amendment filed July 18, 2000, effective July 28, 2000, expires January 24, 2001.

(13) Adjustments to the Reimbursement Rates. Subject to the limitations prescribed elsewhere in this regulation, a facility's reimbursement rate may be adjusted as described in this section.

(B) **Special Per-Diem Rate Adjustments.** Special per-diem rate adjustments may be added to a qualifying HIV nursing facility's rate without regard to the cost component ceiling if specifically provided as described below.

1. **Replacement beds.** A facility with a prospective rate in effect after November 30, 1995, may request a rate adjustment for replacement beds that resulted in the same number of beds being delicensed with the Division of Aging. The facility shall provide documentation from the Division of Aging that verifies the number of beds used for replacement have been delicensed from that facility. The rate adjustment will be calculated as the difference between the capital component per diem (fair rental value, FRV) prior to the replacement beds being placed in service and the capital component per diem FRV including the replacement beds placed in service as calculated in subsection (11)(D) including the replacement beds placed in service. The capital component is calculated for the replacement beds using the asset value per licensed bed as determined using the R. S. Means Construction Index for nursing facility beds adjusted for the Missouri indexes for the date the replacement beds are placed in service.

2. **Additional beds.** A facility with a prospective rate in effect after November 30, 1995, may request a rate adjustment for additional beds. The facility must obtain an approved certificate of need or applicable waiver for the additional beds. The rate adjustment will be calculated as the difference between the capital component per diem FRV prior to the additional beds being placed in service and the capital component per diem FRV including the

additional beds as calculated in subsection (11)(D) including the additional beds placed in service. The capital component is calculated for the additional beds using the asset value per licensed bed as determined using the R. S. Means Construction Index for nursing facility beds adjusted for the Missouri indexes for the date the additional beds are placed in service.

3. Extraordinary circumstances. A participating facility which has a prospective rate may request an adjustment to its prospective rate due to extraordinary circumstances. This request must be submitted in writing to the division within one (1) year of the occurrence of the extraordinary circumstance. The request must clearly and specifically identify the conditions for which the rate adjustment is sought. The dollar amount of the requested rate adjustment must be supported by complete, accurate and documented records satisfactory to the division. If the division makes a written request for additional information and the facility does not comply within ninety (90) days of the request for additional information, the division shall consider the request withdrawn. Requests for rate adjustments that have been withdrawn by the facility or are considered withdrawn because of failure to supply requested information may be resubmitted once for the requested rate adjustment. In the case of a rate adjustment request that has been withdrawn and then resubmitted, the effective date shall be the first day of the month in which the resubmitted request was made providing that it was made prior to the tenth day of the month. If the resubmitted request is not filed by the tenth of the month, rate adjustments shall be effective the first day of the following month. Conditions for an extraordinary circumstance are as follows:

A. When the provider can show that it incurred higher costs due to circumstances beyond its control, the circumstances were not experienced by the nursing home industry in general and the costs have a substantial cost effect;

B. Extraordinary circumstances include:

(I) Natural disasters such as fire, earthquakes and flood that are not covered by insurance and that occur in a federally declared disaster area; and

(II) Vandalism and/or civil disorder that are not covered by insurance; and

C. The rate increase shall be calculated as follows:

(I) The one (1) time costs (costs that will not be incurred in future fiscal years):

(a) To determine what portion of the incurred costs will be paid, the division will use the patient occupancy days from latest available quarterly occupancy survey from the Division of Aging for the time period preceding when the extraordinary circumstances occurred; and

(b) The costs directly associated with the extraordinary circumstances will be multiplied by the above percent. This amount will be divided by the paid days for the month the rate adjustment becomes effective per paragraph (13)(B)3. This calculation will equal the amount to be added to the prospective rate for only one (1) month, which will be the month the rate adjustment becomes effective. For this one (1) month only, the ceiling will be waived.

(II) For ongoing costs (costs that will be incurred in future fiscal years): Ongoing annual costs will be divided by the greater of: annualized (calculated for a twelve (12)-month period) total patient days from the latest cost report on file or eighty-five percent (85%) of annualized total bed days. This calculation will equal the amount to be added to the respective cost center, not to exceed the cost component ceiling. The rate adjustment, subject to ceiling limits will be added to the prospective rate.

(III) For capitalized costs, a capital component per diem FRV will be calculated as determined in subsection (11)(D). The rate adjustment will be calculated as the difference between the capital component per diem FRV prior to the extraordinary cir-

cumstances and the capital component per diem FRV including the extraordinary circumstances.

#### 4. Quality Assurance Incentive.

A. Each HIV nursing facility with an interim or prospective rate on or after July 1, 2000, shall receive a per-diem adjustment of \$3.20. The Quality Assurance Incentive adjustment will be added to the facility's current rate.

B. The Quality Assurance Incentive per-diem increase shall be used for the wages and salaries of direct patient care staff. Any increases in wages and benefits already codified in a collective bargaining agreement in effect as of July 1, 2000, will not be counted towards the expenditure requirements of the Quality Assurance Incentive as stated above. Nursing facilities with collective bargaining agreements shall provide such agreements to the division.

*AUTHORITY: sections 197.319 and 208.153, RSMo 1994. Original rule filed Aug. 1, 1995, effective March 30, 1996. For intervening history, please consult the Code of State Regulations. **U**nder this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

**E**ntirely new rules are printed without any special symbol under the heading of the proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

**A**n important function of the *Missouri Register* is to solicit and encourage public participation in the rule-making process. The law provides that for every proposed rule, amendment or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

**I**f an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least 30 days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than 30 days after publication of the notice in the *Missouri Register*.

**A**n agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the 90-day-count necessary for the filing of the order of rulemaking.

**I**f an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than 30 days from the date of publication of the new notice.

Additional deer may be taken as a participant in a managed deer hunt on a managed deer hunting permit. A person may participate in only one (1) managed deer hunt in the prescribed permit year. The above staff salaries were calculated using the following formula:

Employee's salaries were calculated using their annual salary multiplied by 30.72% for fringe benefits and then was divided by 2080 hours per year to determine the hourly salary. The hourly salary was then divided by 60 minutes to determine the cost per minute. The cost per minute was then multiplied by the amount of time individual staff spent on the processing of applications for registration. The total cost was based on the cost per application multiplied by the estimated 200 applications.

It is estimated that approximately ten (10) applicants out of the total estimated two hundred (200) applicants may be assigned for investigative review. It is further estimated that if an investigative review is assigned an investigator will devote approximately two (2) hours investigating the applicant and/or situation, collecting the necessary documents and preparing an investigative report for the board's review. This would also include approximately thirty (30) minutes of a Clerk Stenographer II to assemble this information for board review, copy the report to the board, log the investigative in the computer system, etc.

The cost per minute was then multiplied by the amount of time individual staff spent on the processing of applications for registration renewal. The total cost was based on the cost per application multiplied by the estimated 240 applications for registration renewal.

It is estimated that approximately ten (10) licensees out of the total estimated two hundred (240) licensees for renewal may be assigned for investigative review. It is further estimated that if an investigative review is assigned an investigator will devote approximately two (2) hours investigating the applicant and/or situation, collecting the necessary documents and preparing an investigative report for the board's review. The council may hear appeals during any regularly scheduled council meeting or may call a special meeting of the council for such purpose.

(7) Fraud. If an applicant supplies false information or obtains adaptive equipment through misrepresentation of facts on the application and certification form, TAP may demand return of the equipment and shall declare such applicants ineligible for future equipment from TAP.

(8) Confidentiality. All applicant information shall be kept confidential except for approved release of information for purposes specified on the application form.

(9) TAP for Telephone Specific Procedures.

(A) Equipment Provided—Adaptive telephone equipment shall be provided in sufficient scope to meet the needs of individuals with all types of disabilities and shall be procured in a cost effective manner.

1. The program administrator shall develop and maintain a list of adaptive telephone equipment designed to provide reasonable access to basic telephone service for individuals with a wide range of disabilities. The list will be provided with the application and certification form. The program will monitor the market for devices that might be added to the program to better meet individual needs and will update the list as necessary to remain current with the market.

2. Adaptive telephones or adaptive devices that attach to the telephone shall be considered first to provide access. For the majority of program applicants, adaptive equipment that attaches to or replaces the typical end-unit telephone will be available on the approved list to meet their needs. Equipment that does not directly attach to or replace the phone will be provided by the program when no other device will deliver the needed access.

3. The program may provide equipment not on the list if such equipment is necessary for basic telephone access and is cost effective as compared to devices on the list.

1. Each application shall be reviewed for completeness. If any information is missing, the applicant will be contacted and requested to supply such information.

2. Each applicant's eligibility will be verified by information provided on the application form.

3. If the application:

A. Requests equipment on the approved list, the request will be matched with disability description, as provided by the application form or equipment worksheet, and approved.

B. Does not request specific equipment, but instead requests assistance in determining equipment needs, the applicant will be contacted and such assistance provided.

C. Requests equipment not on the approved list, the explanation will be reviewed to determine if the equipment is necessary for basic telephone access and is cost effective as compared to devices on the list. If so, the equipment request will be approved.

4. Upon verification of applicant eligibility and determination of equipment/disability match, the program administrator shall order the equipment from an approved vendor and will notify the applicant that the equipment has been ordered.

5. Equipment orders shall include applicant name, make and model of equipment ordered, applicant shipping address, and date of order. The program administrator shall transmit equipment orders directly to the vendor by facsimile or via other time expedient mechanism that is mutually agreeable.

6. Applicants will be notified if their equipment request cannot be approved as submitted and will be asked to revise their equipment request accordingly.

7. Upon receipt of equipment order, the vendor shall ship the equipment directly to the applicant's Missouri residence by verifiable delivery mechanism.

8. The vendor shall provide the program administrator with a monthly invoice of all equipment ordered and delivered.

9. The program administrator may establish alternative and pilot programs to increase program quality and consumer satisfaction. A voucher program for targeted types of adaptive telephone equipment may be implemented as an option to increase consumer choice for those applicants who are experienced users of such equipment.

(C) Consumer Support—The program administrator shall deliver consumer support services directly or through contracts with individuals, organizations, vendors, or other entities. Consumer support providers shall:

1. Have expertise and experience of sufficient depth and breadth to assist consumers in identifying adaptive telephone equipment that will meet their needs;

1. Adaptive telephone equipment purchased for an individual applicant shall be owned by that applicant and applicants are in general responsible for service, repair, and replacement.
2. Adaptive telephone equipment will be covered by an extended warranty, purchased with the device, or by a one-year express warranty provided via the Missouri Lemon Law for Assistive Devices.
3. Miscellaneous supplies, such as Text Telephone (TTY) paper and batteries, are the applicant's responsibility.
4. An applicant shall be eligible for replacement equipment every four years, unless their disability needs change. The program administrator may approve equipment replacement within this time period for extenuating circumstances.
5. If an applicant's disability changes, rendering the adaptive telephone equipment inappropriate to meet their needs, the applicant may reapply for new equipment and shall provide a description of the disability change.

**[(A)](B)** In any state fiscal year (1 July–30 June), the amount of funding for state educational assistance awarded shall not exceed the amount of state of Missouri funds appropriated for the Missouri National Guard Educational Assistance Program.

**[(B)](C)** At the end of any state fiscal year, the amount of funds appropriated for educational assistance for that year not utilized will revert to general revenue and will not be available for use in the subsequent fiscal year.

**[(C)](D)** Amounts to be awarded for educational assistance will be determined as follows:

1. State educational assistance shall not exceed the least of the following:

A. The actual tuition charged at an approved institution where the individual is enrolled or accepted for enrollment; or

B. The amount of tuition charged a Missouri resident at the University of Missouri for attendance;

4. The maximum number of hours eligible for educational assistance is fifteen (15) for each fall and spring semester and nine (9) for the summer semester or the equivalent.

**[(D)](E)** Payments for recipients' educational assistance will be made directly to the institution attended. The State Educational Assistance Program administrator will notify recipients in writing

of the amount paid to the educational institution and the date payment was made.

Separate lists will be established for each category of applicant. The program administrator will advise, by letter, each guard member of his/her status on the lists.

**[(F)/(G)]** Should the committee determine the amount of funds available for Category I, II, or both for the current fiscal year are inadequate to support the requests received, the following actions may take place:

1. The committee may recommend that a supplemental state appropriation be requested; and

2. The authorized amount of payment to be made per credit hour for the current fiscal year may be revised during the year. The minimum amount paid per credit hour for the current fiscal year shall not be less than the minimum payment authorized in subsection 11 CSR 10-3.015(3)(C)(D).

**[(G)/(H)]** Payments are not authorized for tuition costs incurred prior to enlistment in the Missouri National Guard. Retroactive tuition payments are authorized only under the following circumstances:

2. During the fiscal year, should the committee determine the money set aside for Category I or II be excessive to the fiscal year needs of that category, funding amounts may be transferred between categories. Should the amount of educational assistance originally awarded have been less than the maximum authorized in subsection 11 CSR 10-3.015(3)(C)(D), the committee may authorize retroactive payments increasing the amount of educational assistance received for that fiscal year.

**[(H)/(I)]** Loss of Membership.

1. If a recipient of state educational assistance ceases to be a member of the Missouri National Guard while enrolled in a course of study or within three (3) years after completion of a course of study for any reason except death or disability, educational assistance shall be terminated and the recipient shall repay to the state of Missouri any amounts awarded.

2. Recipients of state educational assistance who cease to be members of the Missouri National Guard, and who are required to reimburse the state of Missouri, will be notified of the amount owed by certified letter from the program administrator. Reimbursement payments will be accepted only in the form of check or money order payable to the Treasurer, State of Missouri.

**[(I)/(J)]** In the event a recipient drops or fails to complete a course or courses (fails to receive a grade) for which educational assistance was received, the recipient must reimburse the state of Missouri for the credit hour costs of educational assistance awarded and not completed.

**[(J)/(K)]** Recoupment action will be taken against all recipients not reimbursing the state of Missouri within forty-five (45) days of notification. 2. The program administrator will maintain a file for each recipient. The file will include all required application information, payment notifications, correspondence with the recipient and other information deemed necessary by the committee.

## **Title 12—DEPARTMENT OF REVENUE**

### **Division 10—Director of Revenue**

#### **Chapter 103—Sales/Use Tax—Imposition of Tax**

### **PROPOSED RULE**

#### **12 CSR 10-103.560 Accrual vs. Cash Basis of Accounting**

**PURPOSE:** Section 144.021, RSMo, imposes tax on a taxpayer's gross receipts. This rule explains when a taxpayer reports its gross receipts depending upon whether the taxpayer is using the accrual or cash basis of reporting.

(1) In general, a taxpayer should report gross receipts in the period in which payment is actually received. A taxpayer using the accrual basis of accounting may report gross receipts in the period in which the transaction takes place.

(2) Application of Tax.

(A) A taxpayer should report the gross receipts from its sales in the period in which payment is received. When the taxpayer and purchaser enter into an installment agreement, the taxpayer should report each installment, less any finance charge, as a part of gross receipts in the period in which payment is received. Tax should be calculated at the tax rate in effect at the time of entering the installment agreement.

(B) A taxpayer using the accrual basis of accounting may report the gross receipts from its sales in the period in which the transaction is completed, rather than the period in which payment is actually received. When the taxpayer and purchaser enter into an installment agreement and the taxpayer uses the accrual basis of accounting, the taxpayer may report the sale price in gross receipts when the revenue is recognized pursuant to generally accepted accounting principles. Tax should be calculated at the tax rate in effect at the time of entering the installment agreement.

(3) Examples.

(A) A furniture retailer, a cash basis taxpayer, sells furniture to a customer and agrees to receive payments on the furniture over a

period of 1 year with a 5% interest charge on the unpaid balance. Tax is computed only on the sale price of the furniture, not the finance charge. The amount of each payment, less the tax and finance charge, is included in gross receipts in the period each payment is received. An accrual basis taxpayer may include the entire sale price in the gross receipts at the time of the sale.

(B) A furniture retailer makes a charge sale to a customer in December 1999, with payment due in March. The local sales tax rate changes effective January 1, 2000. If the retailer is a cash basis taxpayer, it charges tax based on the rate in effect in December and reports the gross receipts when received in March. If the retailer elects to report gross receipts on an accrual basis, it charges tax based on the rate in effect in December and it should report the sale in its December gross receipts.

*PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than \$500 in the aggregate.*

*PRIVATE COST: This proposed rule will not cost private entities more than \$500 in the aggregate.*

*NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Department of Revenue, Office of Legislation and Regulations, P.O. **Title 12—DEPARTMENT OF REVENUE  
Division 10—Director of Revenue  
Chapter 110—Sales/Use Tax—Exemptions**

**PROPOSED RULE**

**12 CSR 10-110.950 Letters of Exemption Issued by the Department of Revenue**

*PURPOSE: Chapter 144, RSMo provides that certain organizations are exempt. This rule sets out the steps necessary to obtain a letter of exemption from the department.*

(1) In general, the department issues letters of exemption to qualifying exempt entities. These letters are valid for a period of five (5) years. Documentation verifying the exempt status of the organization must be filed with the department to obtain a letter of exemption.

(2) Application of the Rule.

(A) The seller is responsible for collecting tax unless the exempt entity provides proof that it is exempt. One form of proof of exemption is a letter of exemption issued by the department.

(B) An organization seeking a letter of exemption certificate must complete a Missouri Sales/Use Tax Exemption Application—Form 1746. If the documentation establishes the entity qualifies as an exempt entity, the department issues a letter of exemption. This letter of exemption is effective for five (5) years from the date of issuance of the letter.

(C) The department may require the following supporting documentation to verify the claim:

1. A copy of the Articles of Incorporation, Bylaws or both;
2. A copy of the Section 501 tax exemption letter or ruling issued by the United States Department of Treasury, Internal Revenue Service;
3. A copy of the tax exemption ruling issued by the assessing officers in each county in which the applicant's property is or will be located for property tax purposes;

4. Financial statements of the organization for the previous three (3) years, indicating sources and amount of revenue, and a breakdown of the disbursements, or if just beginning the organization, an estimated budget for one (1) year;

5. A copy of the not-for-profit certificate, registration or charter issued by the Missouri secretary of state's office, if registered or incorporated within Missouri; and

6. Any other documents, statements and information as may reasonably be requested by the Department of Revenue.

(D) If any of the documents requested above are not submitted with the application, a letter of explanation must accompany the application. Federal agencies and instrumentalities, Missouri state agencies and Missouri political subdivisions are not required to send supporting documentation. Out-of-state political subdivisions do not qualify.

(E) Foreign diplomatic and consular personnel exempt from Missouri sales by treaty need not obtain a letter of exemption. The United States Department of State will issue an exemption card for use.

*AUTHORITY: section 144.270, RSMo 1994. Original rule filed Aug. 1, 2000.*

*PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than \$500 in the aggregate.*

**Title 12—DEPARTMENT OF REVENUE  
Division 30—State Tax Commission  
Chapter 3—Local Assessment of Property and Appeals  
from Local Boards of Equalization**

**PROPOSED AMENDMENT**

**12 CSR 30-3.025 Collateral Estoppel.** The commission is amending section (2) and adding a new section (5).

*PURPOSE: This amendment clarifies when new purchasers of property may appeal to the commission.*

(2) Except as set in section (3), the taxpayer shall be allowed to litigate the issue of the assessed valuation of the subject property only once in each two (2)-year assessment cycle established by section 137.115, RSMo. **For the purposes of this rule, "taxpayer," unless more specifically described, shall mean the owner or holder of the property which is the subject of the appeal and the successor in title or interest of such owner or holder. "Litigate the issue of assessed valuation" shall mean prosecute an appeal to either a final decision on the merits or to a stipulation resolving the appeal.** The assessed value established by the commission for the odd-numbered year also shall be the assessed value for the following even-numbered year.

**(5) A taxpayer who acquires title to or interest in property after the close of the board of equalization appeal hearings may**

not appeal to the commission for that tax year if the predecessor in title or interest had not appealed to the board of equalization for the year in which the transfer occurred. If the predecessor in title or interest had appealed to the board of equalization, and if such predecessor or successor in title or interest timely filed an appeal to the commission which is still active at the time of transfer of title or interest, the successor in title or interest may then complete the appeal process for that tax year before the commission. If the predecessor in title or interest litigated the issue of assessed valuation of the subject property in the odd-numbered year, the successor in title or interest to the same property may not lodge an appeal in the following even-numbered year for the same property unless there has been new construction or improvements as defined in 12 CSR 30-3.001.

SUMMARY OF COMMENTS: One comment was received.

COMMENT: William Stalter commented that the provisions of section (4) require evidence of deposit coverage by the Federal Deposit Insurance Corporation (FDIC). However, the statute provides that the account shall be insured by FDIC or comparable deposit insurance. Mr. Stalter asked whether the statute is intended to allow the use of accounts other than bank accounts so long as those accounts are insured with deposit insurance comparable to that of the FDIC or in an account that is in a state or federally chartered financial institution authorized to do business in Missouri and located in Missouri. Mr. Stalter further questioned if segregated accounts at savings and loan associations or brokerage firms could be used if they have deposit insurance and are authorized and located in Missouri. Mr. Stalter went on to state that brokerage firms insured by Securities Protection Insurance Corporation (SPIC) and questioned whether cemeteries could comply with the requirements of Section 214.330.2 by using brokerage accounts which provide SPIC coverage. Mr. Stalter further stated that the proposed rule would also require evidence that the attorney has escrow powers in the state of Missouri. Section 339.600 exempts all attorneys licensed in the state of Missouri from the requirements of escrow agents. Accordingly, it would seem appropriate that the proposed regulation required evidence that the attorney is licensed in Missouri and that the license is in good standing.

RESPONSE AND EXPLANATION OF CHANGE: The board agreed with Mr. Stalter's comments regarding comparable deposit insurance and attorney escrow powers and made changes to section (4) of the rule. However, since the board is unable to give legal advice, the board directed Mr. Stalter to consult with his own legal counsel regarding his legal question concerning comparable deposit insurance. The board stated that the office currently has the legal opinion that brokerage accounts are not bank accounts, therefore, SPIC would not be comparable to FDIC. It is also the board's understanding that all savings and loan associations now fall under the FDIC.

**4 CSR 65-1.040 Name and Address Changes**

(4) If the endowed care cemetery funds are not permanently set aside in a trust fund, but instead held in a segregated bank account, the holder of the certificate of authority shall notify the office if the funds are transferred from one account to another, or if signatories are changed. Notice shall include evidence that the funds are insured by the Federal Deposit Insurance Corporation (FDIC) or comparable deposit insurance and held in a state or federally chartered financial institution authorized to do business in Missouri and located in this state. If a new signatory is an attorney currently licensed in the state of Missouri, notice shall include the attorney's bar number.

**Title 10—DEPARTMENT OF NATURAL RESOURCES**  
**Division 25—Hazardous Waste Management**  
**Commission**  
**Chapter 12—Hazardous Waste Fees and Taxes**

**IN ADDITION**

**10 CSR 25-12.010(2) Fees and Taxes**

Senate Bill 577 was passed by the 2000 General Assembly and recently signed into law by the governor. Language contained in the bill at 260.395.1(3), RSMo requires that Missouri's hazardous waste transporter license fee consist of an annual application fee plus an annual usage fee. In accordance with this change to the law, effective August 28, 2000, the basis for assessing license fees on hazardous waste transporters will change from the current system to a system that includes both an annual application fee, plus a usage fee based on hazardous waste tonnage, mileage, or both. To fully implement these changes to the law, the Missouri Hazardous Waste Management Commission is in the process of proposing the necessary amendments of the rule listed above.

It is anticipated that the rule to establish the amount of the annual application fee component and the amount of the usage fee component will be adopted by the fall of 2001. In the interim, immediately after August 28, 2000, the department will implement a temporary licensing fee system consisting of an annual application fee in an amount equal to a fee based on the current licensing system. The department will waive the usage fee component of the license fee until the implementing rule is adopted by the commission. The implementing rule will also establish the amount of the annual application component, but in the interim that component will be calculated using the current licensing system. This will allow the department to continue issuing licenses to hazardous waste transporters during the period that the implementing rule is being developed and adopted.

Therefore, until the rule is adopted, hazardous waste transporters needing to obtain a new license or to renew an existing license will be assessed a license fee in an amount equal to the fee due under the existing system. On an interim basis, this fee will constitute the annual application fee component of the revised licensing system. Collection of the usage fee will be waived until the necessary rule is adopted. The commission invites public comments on this proposal or on the implementation of the usage fee.

**NOTICE TO SUBMIT COMMENTS:** *Anyone may submit written comments in support of, in opposition to, or commenting upon, the proposal discussed above. The comments shall be submitted to the Director of the Missouri Hazardous Waste Program, P.O. Box 176, Jefferson City, MO 65102. In order to be considered, written comments must be submitted within thirty days after the date of publication of this notice in the Missouri Register. Faxed or E-mail correspondence will not be considered. Officially submitted comments must be postmarked by midnight of the last day of the comment period. Comments may be hand delivered to the receptionist desk at the Missouri Department of Natural Resources Conference Center, 1738 E. Elm Street, Jefferson City, Missouri until 5:00 p.m. on the last day of the comment period.*

*In preparing comments, please reference this In Addition notice, the Missouri Register page number, and the relevant regulatory citation, if any. You may explain how you agree or disagree or how the regulation affects you, and you may offer or recommend options or language for consideration by the commission.*
